

axcura

Effective to the core.

Active Pharmaceutical Ingredients

About us

Axcura AG is a Swiss-based company serving the chemical, pharmaceutical, and life sciences industries, with a strong focus on R&D, procurement, and supply chain solutions.

Headquartered in Rapperswil-Jona, Switzerland, Axcura brings together Swiss precision with global reach. Through a qualified international partner network spanning Europe, Asia, and North America, we ensure uninterrupted access to critical raw materials, APIs, Excipients, Intermediates, and advanced BioPharma Ingredients.

What sets us apart is not only our portfolio of high-quality products and services, but also our unwavering commitment to quality, compliance, and collaboration. We act not only as a supplier but as a strategic partner, committed to enabling sustainable success for our customers in an increasingly complex and competitive market.

Our quality label

Axcura operates under a robust Quality Management System aligned with ISO 9001:2015 and PIC/S GDP standards. All activities comply with Swissmedic and EU regulatory frameworks, ensuring full supply-chain integrity, traceability, and regulatory compliance across our operations.

Our quality system includes:

- ▲ Compliance with Swiss NarcA / BetmKV, ensuring secure handling of controlled substances
- ▲ GDP certification for the storage and distribution of APIs and excipients
- ▲ ISO 9001 certification supporting quality management and continuous improvement
- ▲ QP oversight and batch release under Swiss / EU pharmaceutical law
- ▲ TG™ framework/ PureOne™ program ensuring consistent GMP- or LBLE-grade handling and documentation integrity

Axcura's core expertise

At Axcura, we deliver end-to-end solutions that ensure your products move from concept to market with full compliance, reliability, and transparency. From strategic sourcing and quality compliance to custom manufacturing, regulatory support, and reliable supply-chain solutions, every step is designed to safeguard quality and optimize performance.

Strategic Sourcing

Custom Manufacturing

Supply Chain Solution

Quality Compliance

Regulatory Support

Together, these steps create a robust framework for delivering safe, high-quality products to market.

We are axcura - Effective to the core.

Active Pharmaceutical Ingredients

Axcura offers a curated portfolio of high-quality Active Pharmaceutical Ingredients supporting innovators, generic manufacturers, CMOs, and CDMOs across a diverse range of therapeutic areas. Our APIs are sourced exclusively from qualified and audited GMP manufacturers, ensuring full compliance, robust quality systems, and transparent supply chains.

Our API portfolio includes standard and specialty molecules, as well as controlled substances. Through regulatory oversight, supply-chain security, and deep technical expertise, Axcura ensures reliable API access from early-stage development to full commercial lifecycle management.

Amino Acids & Vitamins

High-purity amino acid and vitamin APIs used in parenteral nutrition, metabolic therapies, infusion solutions, and specialized formulations requiring stringent GMP control.

Anti-Infective

A broad portfolio of antibacterial, antiviral, antifungal, and antiparasitic APIs manufactured under strict GMP standards to support global anti-infective therapies.

Cardiovascular

APIs for hypertension, anticoagulation, lipid management, and heart failure, produced with high consistency, supply reliability, and robust impurity control.

Central Nervous System (CNS)

Active ingredients used in neurology and psychiatry, including analgesics, anticonvulsants, anxiolytics, and neuroactive compounds.

Controlled Substances & Narcotics

Strictly regulated APIs including opioids, stimulants, and psychotropics, handled under full compliance with narcotic laws and supply-chain controls.

Endocrine & Metabolic

Hormonal and metabolic APIs used in diabetes, thyroid imbalance, adrenal support, and women's health.

Oncology (incl. Steroidal HPAPIs)

High-potency APIs, cytotoxins, targeted therapies, and steroidal oncology molecules manufactured under stringent GMP controls.

Peptides & Complex Molecules

GMP-grade peptide APIs, oligo-based intermediates, and complex small molecules requiring specialized synthesis, and high analytical precision.

Amino Acids & Vitamins

Material Name	CAS No.	Grade (Monograph/ Quality Tier)	cGMP	LBLE*
Ascorbic Acid (Vitamin C)	50-81-7	Multi Compendial	✓	✗
Cholecalciferol (Vitamin D ₃)	67-97-0	Multi Compendial	✓	✗
Cyanocobalamin (Vitamin B ₁₂)	68-19-9	Multi Compendial	✓	✗
Folic Acid (Vitamin B ₉)	59-30-3	Multi Compendial	✓	✗
L-Arginine	74-79-3	Multi Compendial	✓	✗
